HiSun High Wattage Upgrade Instructions

1. Unplug and remove rubber plug, slide back.

2. Insert thin release blade to unlock wire connector.

3. View of lock tab that must be pushed with thin blade.

4. Install all 3 wire clips in any order to the 3 male spades in the Regulator/Rectifier.

5. Apply silicone sealer to waterproof the connection, let it dry.

6. Simply connect 2 wire plug and attach eyelets to the battery or extend as needed..
